Key Skills

Over the course of the topic, I will be able to: -

- **Explain** why meeting the needs of the individuals requires the involvement of different agencies.
- **Explain** the roles and responsibilities of different members of the multi-disciplinary team in meeting the needs of specific individuals.
- **Explain** the arrangements for managing information between professionals.
- **Assess** the benefits of multi-disciplinary and multi-agency working for specific individuals with care and support needs and **Analyse** the impact of legislation and codes of practice relating to information management on multi-disciplinary working.
- **Justify** how organisations and professionals work together to meet individual needs while managing information and maintaining confidentiality and **Evaluate** how multi-agency and multi-disciplinary working can meet the care and support needs of specific individuals.

I will Understand

1. How different agencies will help and support Alice and Nusrat's needs.
2. The roles and responsibilities of the different multi agencies that work with Alice and Nusrat. I will also understand how those responsibilities can help support them in different ways.
3. How professionals maintain confidentiality and data protection between themselves for Alice and Nusrat so there is no breach.
4. The impact of the different legislations that can impact Alice and Nusrat and how their information will need to be handled.
5. Whether multi-disciplinary organisations are benefitting Alice and Nusrat. I will begin to draw conclusions.
