Foxford Learning Plan

YEAR 8

Topic 8.3 Website Design

Spring 1

Key Vocabulary

Evaluation	Evaluation is a process that critically examines a program. It involves collecting and analysing information about a program's activities.
Story board	A storyboard is a graphic organiser that consists of illustrations or images displayed in sequence for the purpose of pre-visualising.
Homepage	It's usually the most unique page on your site, giving visitors an immediate sense of who you are as an organisation.
Hyperlink	A link which when clicked will take you to somewhere else for example another web page.
Menu bar	Links to the important pages on your website.
Button	They make it possible for users to interact with a system and take action by making selections.
Animation	A moving picture.
Link	Allow website users to get from one web page to the next. They can be in the form of text or an image.
GIF	A file type, this is a series of frames making an image appear to move.
URL	Is the short form for Uniform Resource Locator, a website URL is the location of a specific website, page, or file on the Internet.
Header	It contains an organisation's logo and navigation, creating a central hub to get elsewhere on the website.
Image	A picture that has been created or copied and stored in electronic form.

Key Skills

Over the course of the topic, I will be able to: -
