OVERVIEW

Foxford School acknowledges the great value of educational visits and the opportunity they provide. Well managed educational visits with a clear purpose are an indispensable part of a broad and balanced curriculum. They are an opportunity to extend the learning of all students, including adding cultural capital and an enrichment of their understanding of themselves, others, and the world around them.

Foxford School, as part of Castle Phoenix Trust, has formally adopted the “Outdoor Education Advisers’ Panel Guidance” (OEAP) updated detailed guidance, and advice can be found at <http://oeapng.info/>

Castle Phoenix Trust is the employer and has overall responsibility for visits. The Trust can delegate some tasks necessary to discharge these duties, though the overall responsibility remains with the Trust.

Under statutory guidance, which came into effect on 1 March 2004, all schools are required to have a named Educational Visits Co-ordinator (EVC). The EVC is a member of the Leadership team, designated by the Head Teacher. (EVCSL).

The Trust has designated another EVC non-leadership member of staff to support the above role.

The Trust has chosen to ‘buy into’ the Coventry City Council Guidance and Procedures.

Types of visits: any visit that leaves the school grounds, whether as part of the curriculum or not, during school time or outside the normal school day, is covered by this policy. A school trip can be educational or recreational trip, take a single day or be residential and is organised by the school; there is no limit on the number of students involved.

There are five types of visit, each of which has its own approval and protocol:

1. **Standard visit:** these are visits other than 2. To 5.
2. **Sports fixture:** take place after school but within a 20-mile radius of the school.
3. **Overseas visit:** the group travels beyond the UK mainland.
4. **Adventurous activity:** a list of adventure activities can be found on EVOLVE.
5. **Residential visit:** the group is away overnight either in accommodation or travelling.

ROLES AND RESPONSIBILITIES

The visit leader:

- Will be specifically competent for the role in line with OEAP Guidance. This also applies to the assistant visit leader.
- Will ensure all the steps are completed according to the Visit Leader Check List which is specific to each school in the Trust.
- Should organise the trip and not anyone else on their behalf.

The Educational Visits Co-ordinator

- Will approve all school trips through the EVOLVE system.
- Communicates to staff who are planning educational visits and liaises with EVCSL where appropriate.
- Ensures paperwork is completed correctly on EVOLVE and within the timeframe detailed in the policy.
- Assists in identifying training needs.
- Assists in updating trips documents in line with OEAP guidelines.

The Educational Visits Co-ordinator (Senior Leader) EVCSL:

- Will provide first line approval of trips and will have final approval for all visits, except overseas or high risk; overseas or high-risk trips must be approved by the LA and LGB.
- Identifies training needs.
- Updates the trips policy and protocol.

The Finance Department:

- Provides financial assistance towards the cost of a trip for an individual student, particularly regarding disadvantaged students.
- Collects and maintains records of payments received from parents and administers refunds as and when appropriate.
- Pays for tickets/venue.
- Helps calculate budget/costs.
- Advises on payment dates with VL and company.
- Arranges payment plans with parents.

The Castle Phoenix Trust:

- Is responsible, under the Health and Safety at Work Act 1974, for the health and safety of any participants and the Visit Leadership team.
- Ensures appropriate training is available.
- Clearly sets out staff roles and responsibilities and provides detailed procedures for notification and of approval of trips.
- Provides clear advice on how to approve leaders.
- Ensures there is a school visits policy and protocol, including emergency procedures.
- Ensures that the visit approval process is clear, and that approval and notification procedures operate effectively.
- Ensure high quality visits and outdoor learning through support and challenge as a critical friend.
- Has the responsibility for approval of overseas trips.
- Ensures an EVC is in place.
- Ensures there is robust and effective monitoring systems in place.

VISIT PLANNING AND APPROVAL

Visit planning and approval overview

- Initial approval will be given by the EVC and Head Teacher, using the Trips Proposal Form - this is school specific.
- Learning outside the classrooms: all Learning outside the Classroom trips will follow the procedures outlined in the guidance sheet - this is school specific.
- Sports fixtures within a 20-mile radius of the school will follow the sports fixture protocol.

All the following visits need approval via the EVOLVE system at www.coventryvisits.org.uk and trips requiring LA approval will automatically be submitted to them through this system.

- **Standard**
See visit leader check list.
- **Overseas**
See visit leader check list - these require additional approval by Governors before any commitment is made using the Abroad Proposal Form – See Appendix 5. (Site Specific) And 28 days prior to the visit it requires Governors and LA final approval.
- **Adventurous**
See visit leader check list – Governors’ and LA final approval are required 28 days prior to the visit.
- **Residential**
See visit leader check list – these require Governors’ final approval and, if an external provider or tour operator is being used and they do not have the LOtC badge, they must complete the Provider Statement 8P at the time of the booking.

First Aid

- The Trust provides access to advice and guidance on first aid arrangements for off-site educational visits and activities.
- The Trust will ensure access is available to first aid services and facilities to staff and students taking part in educational visits and activities based on risk assessment and first aid needs analysis. An adult will be delegated as responsible for first aid for each trip.
- First aid kits are available in trip bags and for some trips a school based trained first aider will attend based on the outcome of the risk assessment.

Risk Management required for all trips

Staff should adopt the generic risk assessment for their trip, and risk assess students’ medical/behaviour issues as well as identifying the aims, benefits and learning outcomes.

In considering risk, there are 3 levels of risk which visit leaders should be mindful of, as outlined by the Staff, Activity, Group, Environment and Distance (SAGED) framework:

- Generic Risk – normal risks attached to any activity out of school. These will be covered by careful completion of the Visit Leader Check List.
- Event Specific Risk – may significant hazard or risk relating to the activity?
- Ongoing Risk – the monitoring of risks throughout the actual visit as circumstances change.

Accident and Incident Reporting and Investigation

- Accidents, near misses and other incidents must be reported to the EVC on return.
- There is an accident book in the First Aid bag and the relevant section on the Visit Leader form must be completed. Such incidents and outcomes will be reviewed in order to identify learning points which will be shared as appropriate with others, including the LA as appropriate.
- The Trust will ensure the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013 (RIDDOR) (and any subsequent amendments) are undertaken appropriately.

Plan 'B'

Despite the most detailed and sedulous pre-visit planning, things can go wrong on the day e.g. member of staff is ill, transport fails to arrive, severe weather conditions, terrorist incident.

To avoid having to make important decisions under pressure, it is important that some advanced thinking is undertaken to mitigate against such an occurrence. This takes the form of PLAN B in the Risk Assessment.

Emergency Procedures

The Trust has Critical incident Procedures in place for visits and Guidance Notes for Major Cities/Events. There are Keeping Children Safe procedures as well as the Visit Leader's Emergency Base Card.

Staffing

Staffing Ratios will be a key priority in the initial approval of any proposed visit, as a guideline the ratio is 1:20 but this is a guideline only. A professional judgement must be made by the Visit Leader, EVC and Head Teacher as to the appropriate ratio for each visit.

This will be determined by:

- Type, duration, and level of activity.
- Needs of individuals within the group (SEND).
- Experience and competence of staff and accompanying adults.
- Nature of the venue and location and the weather conditions at the time of year.
- Nature of transport involved.

Volunteers

When parents or other non-teacher adults act voluntarily to assist with visits and activities, they also owe a duty of care to the children and young people taking part.

The main duties of adult volunteers are to ensure that they:

- fully understand their role within the party.
- are competent to undertake their role during the visit.
- students follow the visit leader's instructions at all times.
- have any necessary information about students and organisation.
- are aware of emergency procedures and contacts.
- inform the visit leader of any safety concerns, or the academy if for some reason the visit leader does not implement control measures necessitated by changes in circumstances.
- have sufficient information and resources to enable them to contribute to the effective and safe running of the visit, particularly student details and emergency procedures.

Parental consent

- Consent is not required from parents for students to participate in off-site activities that take place during school hours, which have no costs to parents or are a normal part their child's education, such as museum or library etc. Nevertheless, it remains good practice to inform parents that a visit or activity is to take place. Therefore, parents will be given comprehensive information by letter and ConnectEd that a visit or activity is to take place.
- At this time parents must be given the opportunity to update the school with any medical or emergency contact information.
- At enrolment, **a one-off consent form** will be signed by parents; this is school specific and includes in-year admissions. This form will cover all types of visits and activities where parental consent is required.

While one-off consent can be used for virtually all visits, there are situations where consent for a specific visit may be required. These include visits abroad and some visits involving third party provision, where an Outdoor Education Centre require their own consent forms to be signed.

- In some countries proof of parental consent may be required by medical professionals prior to carrying out any treatment. Therefore, **consent forms need to be taken abroad.**

Inclusion

- No student will be excluded from participating in a school trip on the grounds of cost, if it is a mandatory part of the curriculum.
- Parents are signposted to the potential for financial support through trip letters and are advised to liaise with the finance team for support. Following a telephone call from a parent, the finance team completes the relevant form and then will liaise with the trip leader/EVC to decide what appropriate financial support to be offered/provided.
- Foxford School and The Trust are committed to providing visits and activities which are accessible to our students whatever their needs, abilities, or medical conditions.

Charging

- The Trust has a Charging and Remissions Policy which provides the basis for charging for school activities, and the circumstances under which voluntary contributions are requested from parents.
- The Trust is committed to providing the best education for all and will endeavour, within reason, and as funding resources allow, to ensure that all activities offered wholly or mainly during the school day are available to all students, regardless of the ability to pay of their respective parents/carers.
- The Trust reserves the right, however, to request voluntary contributions from parents/carers and, in the event of insufficient funding, to cancel an activity.

Transport

- The Trust will only use reputable coach companies and will ensure that all coach companies used complete a Provider Statement which is updated yearly. Seat belts must be provided on all seats.
- Public transport: All students are briefed as to procedures on platforms at bus stops on busy streets.

School minibus

- The Trust ensures that a member of staff takes responsibility to organise the relevant MOT checks for minibuses where they are owned by the school.

- Staff are eligible to drive the minibus if they are aged over 21 years with a clean driving license. It is not compulsory for staff to drive the minibus; it is voluntary, and staff are not explicitly paid to drive the minibus.
- The Trust ensure that the vehicles are appropriately insured and maintained with sufficient breakdown cover.

Staff Cars

- The EVC and Headteacher will make the decision if staff can use their own car for a trip.
- Evidence of business insurance, a valid driving license, and a valid MOT certificate must be provided to HR Team. Parents' consent must be obtained for the child to be transported in a private car.

Insurance

- The Trust has insurance cover for all trips provided by Ace European Group Limited (For Kingsbury School see below) Policy number UKBOAC 74919. However, if the trip is potentially extremely hazardous, advice will be sought from the school's insurance advisor via the Director of Finance.
- For an overseas visit, insurance will be taken out with individual travel companies.

Supervision

Students must be supervised throughout all visits. However, there are circumstances when they might be unaccompanied by staff (remote supervision). The decision to allow remote supervision will be based on risk assessment and must consider factors such as:

- Prior experience of students.
- Age of students.
- Responsibility for students.
- Competence/experience of staff.
- Environment/venue/location.

Safeguarding

- The Trust is committed to the safeguarding and welfare of children and young people and compliance with its statutory obligations as set out in the most recent edition of the Department for Education (DfE) statutory guidance document Keeping Children Safe in Education (and any subsequent amendments).
- The Trust will comply with this guidance and the Trust's safeguarding and child protection policies and procedures and will ensure that their staff are aware of and comply with such guidance.
- School staff and volunteers e.g. trainee teachers will have been appropriately vetted, as necessary. Parents who volunteer on trips will be vetted as appropriate based on the risk assessment and type of trip.

Records retention

- The Trust has in place a records retention policy which is based on national guidelines from the Information and Records Management Society and guidance from its advisors.
- Records of educational visits and activities are retained in compliance with the Trust's policy on records retention on EVOLVE.

After the visit

- If necessary, a debriefing will follow each visit with the EVC coordinator, to identify what went well and what could have been done better, in order to inform future planning.
- An evaluation will be completed on EVOLVE to ascertain that learning objectives have been met.

VISIT LEADER CHECK LIST - Visit Leader **MUST** organise their own trip no one else can do this for you

This checklist is designed as a final check on planning or as a review tool for regular visits. The relevance of some of the points and the complexity of the responses are dependent on the nature, location and times of the particular visit.

What is a 'Grab Bag' lesson? (Proper name is the Extended Learning Environment Lesson)

This is a visit out of school, during lesson time, which can take place at short notice. It allows you to make use of the Extended Learning Environment – the environment around the school. There is a 'Grab Bag' of useful items that you need to take with you.

What is different about this?

Grab Bag lessons can take place when:

- The destination is within one of the two designated areas, one for students who are walking, and a larger area for those going by minibus.
- The visit will take place entirely within the school day.
- There are no cost to students or parents.
- There is no impact on other lessons, or such impact has already been agreed.
- There are no hazardous activities (e.g. involving water).

What are the geographical boundaries?

See the maps below. The maps are also available on the school website.

If you don't know the local area, you must familiarize yourself with your journey and destination before you first take students there, or ensure you take a member of staff who does know the area.

If travelling by minibus, consider the likely traffic conditions at the time of your visit and whether the journey can be completed in the time available.

What do I have to do to lead a Grab Bag lesson?

You will need:

- To have a request-permission form signed by AGA.
- To ensure you have the correct staff: student ratio.
- A class list, including student medical needs, with one copy to take with you and one to leave at reception.
- To check the medical needs on the class list to ensure your visit is feasible and safe for all.
- Collect a Grab Bag and a school mobile phone from Nikki Evans before you leave. If you use anything from the bag, please let Nikki know so that it can be replaced if appropriate.

Each bag will contain: 2 high vis waistcoats for group leaders, 2 waterproof ponchos, a first aid kit, a water bottle, plastic cups, Nikki Evans will also give you a school mobile phone with credit. There will be room in the bag for your folder, paper, pens etc.

How many students can I take?

Year 7 to 11, up to 15 students per member of staff.

Year 12 to 13, up to 20 students per member of staff.

You may need to arrange to have a learning or cover supervisor or a TA with you depending on your students.

Page Break

What do I do with my class list?

Check the medical needs of your class, so that you understand the potential risks. Ensure they have medication with them, where appropriate.

Do I still need a risk assessment form?

A generic risk assessment form has been created for Grab Bag lessons.

It is your responsibility to read it and ensure you follow the control measures that are given.

PROCEDURES FOR LEAD MANAGER (Nicola Green) OR STAFF RECEIVING NOTICE OF AN INCIDENT ON A SCHOOL VISIT

In the event of an accident on a school trip being reported (when being reported to school reception have crib card):

Firstly: Remain calm and reassure the caller that swift action will follow and then take down the following details:

- Confirm the number at which the caller can be contacted back on.
- Nature, date and time of the incident.
- Details of injuries, hospital - has a staff member gone with the injured to the hospital? Who?
- Are all party members accounted for? (Ask who is missing)
- Names and telephone numbers of those involved.
-
-
- Action taken so far. (Have parents been contacted?)
- Instruct that a written log of all actions and conversations are kept.
- Ask that anyone involved with the party give a short written account of the incident.
- Telephone numbers for future communication. For serious accidents where the media are involved try to identify alternative telephone numbers at 'home' and 'off-site' base, as other lines will quickly become jammed.

Under no circumstances should the name of any casualty be divulged to the media / press
 Immediately notify a member of the Critical Incident Management Team: Nicola Green and Al Gallagher.
 Keep a record of all communication, including times, dates and messages given and received.

Procedures for the school / establishment Critical Incident Management Team (CIMT) Al Gallagher and Nicola Green

1. The CIMT should record all of the information collected by the Lead Manager (using the same form above)
2. The CIMT should speak directly with the group leaders to determine the precise details of the incident and to determine the appropriate course of action to be taken by the group and by CIMT (including informing the ECC Press Office via the Communications Team). This could include sending an officer to the incident site.
3. Contact with parents/guardians/relatives should be agreed with the party leader.
4. The CIMT member will inform the Governors who along with Al Gallagher will co-ordinate communications and media.
5. Decisions relating to the organization of services to bring the group home may well be made by the CIMT.
6. The CIMT member will collate and prepare a detailed report, arranging a visit to the site if necessary.

Appendix 8**SCHOOL TRIPS – KEEPING CHILDREN SAFE**

The following guidance for planning visits explains how we may reduce our vulnerability while carrying on as normal as possible.

Planning

In the early stages of planning and at regular intervals check the latest threat levels and news relating to your destination:

UK <https://www.mi5.gov.uk/threat-levels>

Abroad <https://fco.gov.uk>

Pay particular attention when planning to the needs of SEND students and their ability to react and respond to emergency situation.

Transport

Plan your route before you leave and have an alternative route just in case.

Know which bus numbers you could take if there was a problem and where to board it.

Consider transport hubs being at risk of terrorist attack. Avoid congregating too long around entrances while waiting for transport to arrive.

Environment

There must be an on-going RA carried out throughout the visit. If circumstances change, activities should be curtailed or amended e.g. change to plan B.

Avoid congregating too long around entrances of major public sites. Consider reducing waiting times at busy venues, consider where to wait and gather for head counts.

Consider; do you need to leave the venue immediately with the crowds at the end of the visit event?

Reduce queuing time by not carrying large bags/back packs at sites where you are likely to be searched.

Hotel of Safety
<p>Identify a Hotel of Safety near your destination. More than one if moving to different venues/areas. This will be extremely useful if transport shuts down, and mobile phones networks go down, staff would take the students there.</p> <p>It would be very unlikely that a hotel would turn away a group of children if there was a serious problem. Don't inform the Hotel they are your place of safety. You must make sure all staff and students know how to get there. The school will be able to ring the hotel, and establish safe communication.</p>
Ratio
<p>Consider increasing supervision ratios from normal arrangements. If students are allowed to spend time indirectly supervised, consider reducing the amount of time to short periods, or removing this additional freedom.</p>
Parents
<p>Communicate openly and outline procedures in place with parents in advance to reassure them that their child's safety is the priority and has been carefully considered by the school.</p> <p>Provide contact details of visit leaders for emergency contact, and detailed itinerary.</p>
Students - Students will be briefed on these guidelines
<p>Printed emergency contact cards with instructions on how to react in the event of an incident will be printed.</p> <p>For trips abroad, students and staff will carry photo ID cards.</p> <p>In public places students should remain vigilant and alert, strenuously advise students not to walk around 'glued' to their mobile phone and must not use headphones as this reduces awareness of their surroundings and reduces their ability to react.</p> <p>Report anything suspicious to staff especially in shopping centres, political and sports venues.</p> <p>Don't leave bags unattended anywhere, this can lead to a security alert.</p> <p>Brief students to follow instructions of police or security forces at all times, being mindful that they may be armed and appear more intimidating than they are used to. Officers might be extremely forceful, direct and may even point weapons directly at them and others, this is necessary until people's identities are confirmed.</p> <p>Encourage students to carry additional personal medication in case of long delays.</p> <p>If separated from the main group they should make their way to the established meeting point.</p> <p>If an incident occurs students should get away as quickly but safely from immediate vicinity as possible, leaving baggage or other belongings behind and make their way to the Hotel of Safety. It is important that they follow this provision.</p>

VISIT LEADER AND BASE EMERGENCY ACTION CARD

This card must be carried by all staff accompanying a visit.

Visit Leader Emergency procedure:

In the event of an incident overwhelming your team's coping mechanisms, use the following to guide you.

1. REMAIN CALM – Assess the situation
2. Safeguard yourself and then any other uninjured members of the group
Make sure all other members of the party are:
 - ☐ accounted for
 - ☐ safe
 - ☒ adequately supervised
 - ☐ briefed to ensure that they understand what to do to remain safe
3. Delegate assistant leaders if possible so you can keep an overview of events and to allow 'concurrent' activity
4. Call emergency services (999 or 112) as appropriate
5. Carry out first aid to the best of your abilities. Remember the aims of first aid are to
 - a. Preserve life
 - b. Prevent the condition worsening
 - c. Promote recovery

Essential First aid:

1. Remember: DRAB – Danger – Response – Airway – Breathing
2. You need to try to find and stop any serious external bleeding
3. You need to protect the casualty from the environment – keep them warm
4. Monitor their condition, talk to them, reassure them, hold their hand and provide emotional support

Once the immediate emergency is contained:

Inform the school and the insurance company, details to be stored in the emergency pack.

They will need the following information:

- Name and address of your school.
- What number can you be called back on
- What is the nature of the emergency?
- How many casualties there are and their status
- The total number of people in your party
- Your current location
- Whether you are staying where you are or moving – if you are moving where to?
- What time did the accident/incident happen?

Secondary Action Checklist

- Liaise with and take advice from emergency services if they have attended the scene.
- Consider the physical needs of the group and casualties in terms of shelter, refreshment, and transport/repatriation.
- Consider the emotional needs of the group such as removing them from the scene, providing emotional support (they often do this for each other).
- Control communications – prevent group members from using phones or going online until approval is given.
- Keep a written log of all actions, taken, conversations held and a timescale, do not admit liability of any sort.
- Refer all press, media, parental or other enquiries to your establishment contact.
- Inform the foreign Office Consular Assistance Team if abroad.

Data collected is used for registration and monitoring purposes, and to ensure emergency contact information is updated.

Appendix 11

PP distribution guidelines

The following guidelines are set out in order to provide parity and fairness across the cohort of PP students in years 7 – 11 at Foxford Community School, in support of the Pupil Pledge.

Students automatically receive a contribution towards the cost of a trip and, in exceptional circumstances, can receive financial support. The maximum contribution made by the school is £100.

Financial support above these thresholds can be considered and provided at the discretion of the Tom Jordan, in charge of Pupil Premium Grant, or the HT.

All faculty leaders are able to request provision of subject specific equipment which will be considered based on educational benefits and evidence that they are used.

Subject leaders ensure that PPG students receive any bought revision guides required for GCSE courses.
