HEADTEACHER BULLETIN

10 November 2025

Mr. Jordan - Associate Headteacher

Notices

Wednesday 12 November:
Year 8
TechSheCan

Wednesday 12 November:
Year 10
Tomorrow's Engineers (University of Warwick)

Thursday 13 November:
Year 11
Geography field trip (only students who did not go in Year 10)

Autumn Term 2

This week, I had the pleasure of being part of our faculty exploration of the Creative/Technology faculty. We conduct faculty explorations throughout the year to identify areas of excellent practice that can be shared across the school.

The exploration gave me, along with other senior and middle leaders, the opportunity to spend time in lessons for all year groups, looking at the provision that students are getting from their perspective.

We also conducted a student voice activity and looked in detail at the curriculum for all subjects within the faculty. These subjects were: art, media, music, hospitality and product design. In each area, we saw excellent practice and were able to work with teachers and leaders on how provision could be even more improved. Students were excited by their learning and felt there was an appropriate level of challenge and support from their teachers.

Student experience is central to everything we do at Foxford.

Spotlight

On Wednesday, 20 of our Year 7 students were able to go to Warwick University as part of their Experience Warwick programme. They were able to meet current university students and had the opportunity to ask questions about what it is really like at university. They worked in teams to create their own university, having some brilliant ideas such as 'The University of Tranquillity' and 'All Stars University.' They were also given a campus tour by the student ambassadors, looking at the library, Warwick Racing and the Warwick Arts Centre. Finally, they were treated to a motivational speech with Kamal Hyman from Aim a Little Higher.

Attendance Matters

Regular attendance helps students to develop positive relationships with their peers and a sense of belonging, which is vital for mental health and wellbeing.
