FOXFORD

HEADTEACHER BULLETIN

8 December 2025

Mr. Jordan - Associate Headteacher

Autumn Term 2

On Thursday, Year 11 parents and carers came into school for Year 11 Parents Evening. A large number brought their Year 11 students along with them to hear the important messages as they progress into their second term of Year 11.

The students have completed one set of mock exams and have another set booked in for February. The data that is generated from these exams is important but the learning points that students are able to go through with their class teachers is invaluable. For those teachers to then have the opportunity to sit down with the parent or carer to discuss how this learning point can be put into practice has unbelievable power.

For students to know that parents and carers are working closely with the school, with the interests of their child at the very heart of the decision making, has a great impact on how the child performs.

Therefore, thank you to everyone that attended and I look forward to welcoming parents and carers from all year groups in future.

Notices

Creative Technology Winter Showcase.

Unfortunately, we have had to make the very difficult decision to postpone this event- the proposed new date will be in February 2026- we will inform everybody well in advance. Apologies for the late notice of this change.

Spotlight

On Wednesday, Mr Carsley organised a Toy Drive, in partnership with Barnardo's.

The Toy Drive is an initiative that helps to provide toys to children who need them the most. At this time of year, it is even more important that children from all backgrounds understand that people care and that they too can enjoy the celebrations and receiving of gifts.

The students and staff at Foxford put together around 80 toys, which is fantastic, especially considering this is the first time we have done this.

Mr Carsley was able to deliver the toys personally and the students who were involved were able to use their kindness and community spirit to excellent effect. Well done!

Attendance Matters

Poor school attendance stands out to colleges, universities and employers as it can suggest students are unreliable. Please ensure that you attend school every day- it **does** affect your future!
