FOXFORD

HEADTEACHER BULLETIN

9 March 2026

Mr. Jordan - Associate Headteacher

Spring Term 2

Last week, Year 7 students celebrated their 100 Day Celebration, marking the first 100 days of the school year. The event was a fun and exciting opportunity for students to reflect on everything they have learned and achieved since the start of the year. The celebration helped everyone recognise how much progress they have made during their first months of secondary school.

The highlight of the celebration was the bench ball tournament final, where 7JND faced 7SRA in a thrilling match. Both teams showed excellent teamwork, determination, and sportsmanship as they competed in front of their classmates. After the exciting final, students gathered for the medal and trophy ceremony, where the winning team proudly received their medals and lifted the trophy while their peers cheered them on. The ceremony was a fantastic way to end the celebration, recognising the effort and enthusiasm shown by all students throughout the tournament.

We are so proud of Year 7 taking the challenge of starting a new school in their stride.

Notices

British Science Week!

All week, our Science faculty are promoting this through events in lessons, extra-curricular opportunities and communication around school.

Thursday 12 March:

Year 11 Parents Evening: please remember that our usual early finish arrangements are in place for the whole school on this day. School will finish at 2.45pm.

Spotlight: 6th Form

Year 11 students had their interviews for Foxford's 6th Form provision to become new Year 12 students in September 2026.

It was wonderful to have the opportunity to talk to them about their aspirations for the future and how they see Foxford as the natural next step in supporting them to achieve this.

Our 6th form provision is well-regarded as being a highly supportive, aspirational and successful place to be; our Year 12 and 13 students are proof of this!

Well done to all involved. We clearly have some future leaders amongst us.

Attendance Matters

Regular attendance helps students to develop positive relationships with their peers and a sense of belonging, which is vital for mental health and wellbeing.
